Subject: Dear beloved

Dear beloved,

My name is DEBORAH WILLIAMS a widow bless with two female children. In may, 15th 2002. My husband, Mr. Hamza WILLIAMS died in a ghastly motor accident, on till his death he was the special assistant to EXXON MOBIL. NIGERIA. PLC. And died while on officier duty.

In June 6th 2001, My late husband lodged in two trunk box the sum of US\$20.4M {Twenty Million Four Hundred Thousand United States dollars} and it was deposited in a Finance/Security Company in Europe, this he disclose to me two weeks before he died.

From his death to this very present time i have suffered alot from the family of my late husband because i couldn't give birth to a male child for my husband, so they have to take all that my late husband owned and left me and my two female children with nothing just for the fat that their tradition does not recongnise female children.

I therefore personally appeal to you religiously for your urgent assistance to represent me in Europe and lay claim for this money. This money is my only hope to raise my children in the way my late husband intended to. I am will to share the money in this way, 20% for you 10% to make up all expence made to bring this transaction to success, while 70% will be for me and my children.

Please do respond to save my children from this helpless condition.

May Almighty God always be with you.  
Amen.

With all my regard

**DEBORAH WILLIAMS**
