Dear Friend,

Firstly, I will crave your indulgence trust and confidentiality before I introduce myself to you. My name is Alhaji Mohammed Abacha the eldest son of late General Sanni Abacha. Who died unexpectedly during his government.

Before my father died he deposited huge amount of dollar (TWENTY FIVE MILLIONS DOLLARS) under security vault in European Country. And this funds was kept for family investment without knowing that he will die unexpectedly. And since the death of my Father, I was arrested and kept in prison for no reason and all my Family account home and abroad was seized by the government of Nigeria.

However, I was just released by the government after court judgment with condition that I should not travel out of my state in Kano. With this situation my mother now decide that we should solicit for assistance from a foreigner who will be of assistance to the Abacha family in other for him to claim this funds in Europe as a beneficiary. My family have agreed to compensate any partner with 25% of the sum and 5% will be kept aside for expenses while the remaining 705 will be for us which we intend to invest on properties. We assured you 100% risk free on this transaction and I want you to treat this transaction very confidential till we conclude this project. If you willing to assist us on this transaction get back to me very fast so that I will instruct my lawyer to get you every Documents involve.
