Subject: Mrs. Angela Kome

Hello,

REQUEST FOR YOUR HELP

My name is Mrs. Angela Kome, widow of late Dr. M. Kome, a former Financial Controller in the Federal Ministry of Science and Technology.

My late husband died on 10th January 2002 in a motor accident along Minna-Abuja Road while on official duty.

I have just been informed by our family attorney, that my late husband operated a secret and coded account with a Bank into which some amount of money was transferred and credited in his favour.

The Attorney now advised me to seek in confidence a foreigner who could stand as owner of the fund to enable us wire it into his account from the local bank.

If you can help, get back to me immediately so that I can tell you how we can proceed.

Everything is risk- free.

Yours truly,

Mrs. Angela Kome
